

Practice Sports, Inc. Netting Limited Warranty

Limited Equipment Warranty

Practice Sports, Inc. warrants all Nylon netting for a period of 2-years, and all Polyethylene netting for a period of 1-year, from the date netting is received. Warranty timelines are not life-span guarantees. Engaging in purchase of netting indicates client's understanding & acceptance that all netting will wear out and may have differing life-spans in different environments.

Practice Sports, Inc. (hereinafter "PSI") manufactures (or has manufactured by a third party) its netting from materials that are new in accordance with industry-standard practices. PSI warrants that all netting supplied by PSI to you will be free from defects in materials and workmanship.

This limited warranty does not cover damage or affected operation of covered netting resulting from normal wear and tear, external causes, including accidents, acts of God, abuse, vandalism, misuse, servicing not authorized by PSI, usage not in accordance with installation instructions, failure to perform reasonable required preventive maintenance, and problems caused by use of parts and components not supplied by PSI.

This limited warranty does not cover imperfections in the appearance of the netting, including but not limited to striations where the netting was seamed, or knots where the netting may have been patched due to a manufacturing error. These are quality control measures and will not inhibit the functionality of the netting. See Appendix A below for examples.

PSI is not liable for any injury or damage sustained as a result of the use of equipment manufactured or supplied by PSI. Client has sole responsibility for inspection & maintenance of all equipment, prior to each use, including the first use.

All shipments must be inspected at time of delivery for damages or shortages. If damages or shortages occur, it must be noted on the bill of lading and reported to us within 2 business days. Failure to do so will forfeit any claims for damage or shortages with PSI.

During the limited warranty period, PSI will repair or replace covered products that are returned to PSI's designated address. To request limited warranty service, you must contact PSI's Customer Care department, toll-free, at (800) 877-6787 within the limited warranty period.

Photos will be required to be reviewed by PSI before a return authorization is granted. If the defect is not obvious in the pictures, customer may be obligated to return merchandise at their expense - upon inspection of netting, if item is determined to be defective, freight will be reimbursed and new item will be shipped, at no expense to customer. If item is not determined to be defective, no refund will be issued. Defects are determined at the discretion of PSI and its manufacturers.

If netting does not fit or is missing a feature due to a mis-spec by client or a human error by PSI craftsmen, PSI will supplement netting to make complete.

A missing component/feature does not obligate PSI to replace entire net system. PSI may require net system returned to PSI's shop to make alterations, and is not obligated to provide

alternative net system for client to use while original is being altered.

PSI is not obligated to ship net system back to shop to make alterations. PSI may choose to ship client missing component for on-site installation by client or contractor. PSI may choose to compensate client for labor, but is not obligated to do so. PSI must approve contractor & cost prior to work being performed. If PSI caused error due to craftsmanship, PSI will bear expense of replacement.

PSI controls all discretion in decision on solution for missing feature/spec.

A spec or requirement which was not documented in writing by client becomes the liability of the client, and client will bear all expenses for materials, labor, & freight to receive additional parts.

Custom netting is not eligible for return or credit regardless of additional features which may be required due to a missing spec, regardless of error liability.

PSI is not liable for any down-time or income loss attributed to delays associated with receiving additional components.

Limited Warranty does not include on-site service or labor from PSI (except when PSI was involved in installation), nor does it obligate PSI to incur any costs related to customer's labor expense to replace or repair item. Replacement materials will be provided (when deemed necessary), installation guides provided, and technical phone support provided to assist customer. If customer does not wish to replace/repair item, item may be fully reimbursed at the discretion of PSI, when deemed defective.

PSI is not obligated to travel to job-site to repair or replace netting, even when defective. In some cases, PSI may engage a 3rd party contractor to service item, when deemed appropriate.

PSI owns all materials removed from repaired products. PSI uses new materials made by various manufacturers in performing limited warranty repairs and netting replacement products. If PSI repairs or replaces a product, its limited warranty term is not extended.

PSI'S RESPONSIBILITY FOR MALFUNCTIONS AND DEFECTS IN NETTING IS LIMITED TO REPAIR AND REPLACEMENT AS SET FORTH IN THIS LIMITED WARRANTY STATEMENT. ALL EXPRESS AND IMPLIED WARRANTIES FOR THE PRODUCT, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF AND CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED IN DURATION TO THE LIMITED WARRANTY PERIOD SET FORTH ABOVE AND NO WARRANTIES, WHETHER EXPRESS OR IMPLIED, WILL APPLY AFTER SUCH PERIOD.

PSI DOES NOT ACCEPT LIABILITY BEYOND THE REMEDIES SET FORTH IN THIS LIMITED WARRANTY STATEMENT OR ANY LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING WITHOUT LIMITATION ANY LIABILITY FOR PRODUCTS NOT BEING AVAILABLE FOR USE OR FOR LOST INCOME.
